

Basic Amenities on NHS

The Ministry of Road Transport & Highways is planning to provide basic wayside amenities at every 45-60 km length of National Highways. The amenities will include parking for cars, buses, and trucks, restaurant/food court, dhaba, fuel station, minor repair shop, rest rooms for passengers, dormitories for drivers, kiosks for sale of miscellaneous sundry items etc. targeting specific road users as Type-I comprehensive facility for passengers and heavy vehicle drivers, Type-2 facility targeting passengers only and Type-3 facility targeting truck drivers only.

This information was given by the Minister of State for Road Transport and Highways Shri Mansukh Lal Mandavia in a written reply to a question in Lok Sabha today.
